## **I Love Your Face**

## **Smokey Robinson**

I love your face I love the way you smile at me An open door that lets the sunshine in It lights my world, my daysI love your face I love the look that's in your eyes You see right through the deepest part of me Right down into the heart of me I love your faceDon't you ever change, you're just right for me I love all of you And especially I love your face I love the message there for me The greatest love story I ever heard Without a sound, without a word I love your face I love your face I love your face Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
