

Sex with Me

Rihanna

Sex with me, so amazing
All this all work, no vacation
Hit a switch on a fake nigga, like a station
Sex with me, so amazing
Sex with me, so amazing Vodka and water, and a lemon
And a few other things I can not mention
Oh-na-na-na-na
Five fingers on it (five fingers)
Hit it like you own it, I'mma hit it like I'm on it
Straight shots of the blue dot
(Shots, shots, shots, shots)
Baby, I'mma pick your poison
Oh-we, ah-yeah, you gon' need it
I'm off that la-la
I'mma get it wet like jacuzzi, ah-yea
And sex with me, so amazing
All this all work, no vacation
Stay up off my Instagram, pure temptation
Sex with me, sex with me, sex with me
So amazing, so amazing, mmmm You know I got the sauce (sauce), you know I'm saucy
And it's always wet, a bitch never ever had to use lip gloss on it
I'mma need you deeper than six, it's not a coffin
We're not making love, tryna get nasty
Wrap up your drugs, come make me happy
Sex with me is amazing, with her it'll feel alright
The sex doesn't get any better, make it long, let it be all night
I know, I know, I make it hard to let go
Tonight, all night, I'm Monroe
Even if I'm alone
Sex with me, so amazing
All this all work, no vacation
Stay up off my Instagram, pure temptations
Hit a switch on a fake nigga, like stations
Sex with me, sex with me, sex with me
So amazing, so amazing, mmmm Sex with me, so amazing
Sex with me so amazing
(This is the best there is)
