

# Bossed Up

## Juicy J, Wiz Khalifa & TM88

Time waits for no man  
You gotta boss up man  
It's time to stop playing around, being lazy nigga  
Get up and get to the money nigga  
Grind nigga  
Believe in your motherfucking self nigga  
Motivation bruh Started off with nothing, now I'm bossed up  
Started in the gutter now I'm bossed up  
Got it out the mud now I'm flossed up  
Yeah, all my niggas good, yeah they sauced up  
Bossed up, nigga, I done bossed up  
Bossed up, nigga, I done bossed up  
I'm bossed up, you don't wanna cross us  
Bossed up, all my niggas sauced up  
If you rich then you a gangsta nigga  
All the tough shit, that ain't gangsta nigga  
Fuck around and find you in a bodybag  
I'm just tryna fill out all these moneybags  
See me, I'm what a drug dealer dream about  
Fucking bad bitches, backing beamers out  
If niggas want some smoke we pull them steamers out  
I be so damn fresh, I cashed the cleaners out  
See niggas taking shots but I'm so bulletproof  
I just laugh at 'em, couple Bentley coupe  
I swear I be so high I gotta lose the roof  
See niggas gotta lie, they know I'm the truth  
See where I'm from nobody gives a fuck about you  
I know rappers, I know trappers, I know real clappers  
If you ain't getting money nigga then you hustle backwards  
Choppers on the backseat if you want some action  
Started off with nothing, now I'm bossed up  
Started in the gutter now I'm bossed up  
Got it out the mud now I'm flossed up  
Yeah, all my niggas good, yeah they sauced up  
Bossed up, nigga, I done bossed up  
Bossed up, nigga, I done bossed up  
I'm bossed up, you don't wanna cross us  
Bossed up, all my niggas sauced up Bosses, I'm with bosses I don't care bout what the costs is  
We ain't tryna take no losses, we don't deal with fake shit often  
I ain't after go to college, taught my self and now I'm balling  
Like the summer I went out to New Orleans and came back bossing  
And if a nigga play me we gone toss 'em

I don't touch 'em, I just got to make call  
 They waiting for me to fall but that ain't bout to happen  
 They playing tough but they ain't saying much about the captain  
 My niggas bout that action  
 You [??] your bitch heard about the thing I'm packing  
 I don't care about no fashion, I'm a writer not a rapper  
 No day moving past us, niggas moving backwards  
 I ain't worried bout the pussy I'm just wondering where the cash is  
 I just do it different, I just made my cake the fastest  
 If a nigga tripping get a thing and then we blast it  
 I just rolled some weed and fucked your bitch, thats why I'm laughing  
 It's young Wiz, Taylor Gang Started off with nothing, now I'm bossed up  
 Started in the gutter now I'm bossed up  
 Got it out the mud now I'm flossed up  
 Yeah, all my niggas good, yeah they sauced up  
 Bossed up, nigga, I done bossed up  
 Bossed up, nigga, I done bossed up  
 I'm bossed up, you don't wanna cross us  
 Bossed up, all my niggas sauced up I might be that nigga that might run your label  
 I might be that nigga put food on your table  
 I might be that nigga that you see on cable  
 But I'm bossed up so my young nigga might pay you  
 The devil working on me so I'm prayed up  
 Them niggas went to bed so I stayed up  
 How many times I gotta tell you I'm a player  
 King of my city, I might run for mayor  
 Mafia yeah that's that new mafia  
 Niggas see you shining so they copy ya  
 Now they all sitting round plotting on stopping ya  
 But that's when all them bodies popping up  
 I got a dope bitch, she be on some dope shit  
 Your bitch on some hoe shit, she just want the dope dick  
 Coke in her veins now she wanna fuck the whole clique  
 She gone bust it open, she say she can take the whole dick Started off with nothing, now I'm  
 bossed up  
 Started in the gutter now I'm bossed up  
 Got it out the mud now I'm flossed up  
 Yeah, all my niggas good, yeah they sauced up  
 Bossed up, nigga, I done bossed up  
 Bossed up, nigga, I done bossed up  
 I'm bossed up, you don't wanna cross us (cross us)  
 Bossed up, all my niggas sauced up All my niggas sauced up  
 All my niggas sauced up  
 All my niggas sauced up  
 All my niggas sauced up
