## Toni Braxton

Dance, dance, just dance  
Oh, get over here, baby I found out just the other day  
That you were giving it away  
I found out just the other day  
I ain't tryin' to make you stay You told me that you'd never hurt me  
Made me believe I was your only I don't give a damn  
I just wanna dance the love away  
I don't really care  
I just wanna dance the love away  
I just wanna dance (dance, dance, dance)  
Just dance (oh, get over here, baby)  
I just wanna dance (dance, dance, dance)  
Just dance (oh, get over here, baby)  
I just found out yesterday  
All my friends were telling me  
I just found out yesterday  
Everybody knew my man You promised me I was the only  
Tonight you'll see I won't be lonely I don't give a damn  
I just wanna dance the love away  
I don't really care  
I just wanna dance the love away  
I just wanna dance (dance, dance, dance)  
Just dance (oh, get over here, baby)  
I just wanna dance (dance, dance, dance)  
Just dance (oh, get over here, baby)  
(Watch how I get over you) Gonna get over you  
(DJ, can you help me to?) Help me  
(Turn it up so I can move)  
Right now, don't stop  
One, two  
I just wanna dance, yeah I don't give a damn  
I just wanna dance the love away  
I don't really care  
I just wanna dance the love away  
I just wanna dance (dance, dance, dance)  
Just dance (I'll get over you, baby)  
I just wanna dance (dance, dance, dance)  
Just dance (I'll get over you, baby) See you later, baby  
Bye-bye Woo!
