In the all white tee no old school, boo thang hot but I'm so cool
Bad with the fashion, [?]
Bonita so beautiful, she belong at pageants
Poppin' the pharmaceuticals, momma left in the cabinet
Gang, gang, it's a knife, you stabbin' it
Big film, hey baby it's been real
Thank you for dripping on me like a windshield
I love how this shit feel, if tomorrow I get killed
Live up by the year, we makin' a big film on mama [Chorus: Jeremih]

She looking like a big film
She looking like a film at this party
She looking like a big film
She looking like a film at this party
She looking like a big film

[Verse 2: G-Eazy]

Yeah J-Lo, Scar Jo, nympho [?]
She the lead role, play her part tho'
But know it's your bag is no cargo, uh
Every boss need a real wife
Like Scarface needed Michelle Pfeiffer
But won't go bad if they get strife
Finesse life until the next life
Bad and she boujee, she got a temper
If I cheat she might go join the Avengers
Rather be Iron Man, she could be Pepper
My baby a big film, she stay front and center like, yeah [Chorus: Jeremih]
She looking like a big film (you know)
She looking like a film at this party

She looking like a big film (cinematic)
She looking like a film at this party
She looking like a big film
Over five hunnid at the box office
She looking like a big film
She looking like a film at this party[Verse 3: Jeremih]

Sign the dotted line you know you gon' [?]
Hunnid thousand on the wardrobe, golden like globe, I love your fashion
Halle Berry, Scarlett Johansson, you look so good and they ain't even acting
And I like to ride on big wheels, since I was a baby roll with my shorty
She lookin' a big film, she looking like a film at this party[Chorus: Jeremih]
