

Please Don't Leave Me

John Sykes

In the summer
We'd be crazy
We'd fool around all the time
Oh how I loved that girl
When she was mine But now she left me
For another guy
And it really brought me down
For without that girl
I was lost, I found Oh, darling, please don't hurt me this way
Oh, darling, please don't leave me
Oh, darling, please don't hurt me this way
Oh, darling, please don't leave me
Now I get messed up
And I fooled around
But it's no fun anymore
They say times must change
But I'm not so sure Lost lovers of summer
As you go your separate ways
Remember memories you hold
Will bring back
Those special days Oh, darling, please don't hurt me this way
Oh, darling, please don't leave me
Oh, darling, please don't hurt me this way
Oh, darling, please don't leave me Don't leave me
Not now
Please don't leave
Oh, please don't leave me Oh, darling, please don't hurt me this way
Oh, darling, please don't leave me In the summer
We'd be crazy
We'd fool around all the time Lost lovers of summer
As you go your own way
Oh, darling, please don't leave me
