

House Party (feat. Boyz II Men, Big Freedia, Naughty By Nature & Jordin Sparks)

New Kids On the Block

For those about to lose their minds, we gotta remember
That in the worst of times, we can make the best of times
Turn it UP

New Kids On The Block, Boys II Men
Big Freedia, Jordin Sparks and Naughty by Nature Its 9'Oclock and got nothing else but time

I think I'm gonna lose my mind
I gonna leave it all behind
When will it stop?

I can't take this shit no more
Wanna go back to before
Think I'm gonna bust on out the door
But its safe inside now

We gonna turn the lights down
Don't you wanna let your feelings go
(Let your feelings go)

Live our lives now
Were gonna pump it real loud
Don't say no girl here we go
Here we go House Party, House Party
(House Party)

Let's get it started, cause we waited long enough
House Party, House Party
(House Party)

Let's get it started, cause we waited long enough
For some fun

Let's Stay home
