## **Skyway Avenue**

## We the Kings

She said lets change our luck
This night is all we've got
Drive fast until we crash
This Dead End lifeSweet dreams that won't come true
I'd leave it all for you
Brick walls are closing in
Let's make a run tonightBlinded by the lights...
Hold you through forever
Won't let you go
'Cause if you jump, I will jump too

We will fall together
From the building's ledge

Never looking back at what we've done We'll just say it was love

'Cause I would die for you on Skyway Avenue She said don't change your mindLet's leave this town behind

We'll race right off the cliff They will remember this

It all got so mundanewith you I'm back again

Just take me by the hand We're close to the edge

Blinded by the lights...Hold you through forever

Won't let you go

'Cause if you jump, I will jump too

We will fall together

From the building's ledge

Never looking back at what we've done

We'll just say it was love

'Cause I would die for you on Skyway Avenue

Where are your guts to fly?

Soaring through Through the night

And if you take that last step I'll follow you

Leave the edge and fly

We're finally alive

'Cause if you jump, I will jump too

We will fall together

From the building's ledge

Never looking back at what we've done

We'll just say it was love

'Cause I would die for you on Skyway Avenue So what's left to prove?

## We have made it through
