

All My Love

Great White

should i fall out of love my fire in the light
to chase a feather in the wind?
within the glow that weaves a cloak of delight
there moves a thread that has no end
for many hours and days that pass ever soon
the tides have caused the flame to dim
at last the arm has strayed the hand to the loom
is this to end or just beginning?
all of my love all of my love all of my love to you now
all of my love all of my love all of my love to you now
the cup is raised the toast is made yet again
one voice is clear above the din
proud aryan one word my will to sustain
for me the cloth once more to spin
all of my love all of my love all of my love for you now
all of my love all of my love yes all of my love to you child
yours is the cloth mine is the hand that sews time
his is the force that lies within
ours is the fire all the warmth we can find
he is a feather in the wind
all of my love all of my love all of my love to you now
all of my love yes all of my love to you now
all of my love all of my love all of my love love
sometimes sometimes all right
sometimes sometimes oh love
it's all of my love all of my love all of my love to you now
all of my love all of my love all of my love to to you and you and you and yeah
i get a little bit lonely
just a little
just a little
just a little bit lonely
a little bit lonely
