

# Goodnite

Melody Gardot

Goodnite  
close your eyes and just sleep tight  
ill lie awake and watch you dream  
to be sure that all of your dreams are pure  
My dear dont you worry bout a thing  
ill be near to you all night  
and through the evening  
ill be by your sideso Goodnite  
close your eyes and just sleep tight  
ill lie awake and watch you dream  
to be sure that all of your dreams are pure  
(whistles)  
while you slumber  
in case you ever wonder  
if a summer breeze just brushed your cheek  
know its me  
And Goodnite  
close your eyes and just sleep tight  
ill lie awake and watch you dream  
to be sure that all of your dreams are pure
