

Fake Messiah

Lamb of God

Everything you've ever begged me to be
Could never have meant any less to me
Everything you've ever asked me to say
It's so far away from the truth
Fake messiah
Stitches sown in your eyes

Fake messiah
Prophecy now denied
Over and over and over again
Defending your insignificance
Useless intent hidden behind your mask
A coward's voice... Anonymous

So far away from the truth
Fake messiah

Stitches sown in your eyes
Fake messiah

Prophecy now denied
Fake messiah

Open mouth, drawing flies
Fake messiah

Prophecy now denied
Generation failure
Suspended in irrelevance
Slit you wide open

Just to see what you're made of
So far away from the truth...
Fake messiah

Stitches sown in your eyes
Fake messiah

Prophecy now denied
Fake messiah

Open mouth, drawing flies
Fake messiah

Prophecy now denied
