Tove Lo

[Verse 1]

What's your name?

I can tell you a story before we get into the game

We fall head over heels overnight

See my face in your future

I'm in your future, in your nights, mmm[Verse 2]

We're intense

In a loop on a 24/7, don't want it to end

But reality's waitin', they say better come up for air soon

Yeah, come up for air soon

Make a change, mmm[Pre-Chorus]

Fallin' again, and don't understand

Never my plan, nah

[Chorus]

I'm in a cycle

Yeah, I admit it

How can I change it when I don't know when I'm in it?

I'm in a cycle

Swear this is different

Don't wanna end it, if you leave then I keep spinnin'

I'm in a cycle

Don't make me hate you

Just 'cause I talk about the things I've done before you

I'm in a cycle

Swear this is different

Don't wanna end it, if you leave then I keep spinnin'[Verse 3]

You're afraid (yeah)

The way I love you now and my love in the past are the same

And the things that I say are exactly what I used to tell them

And that really hurts me, but I know, mmm

[Pre-Chorus]

Fallin' again, and don't understand

Never my plan, no[Chorus]

I'm in a cycle

Yeah, I admit it

How can I change it when I don't know when I'm in it?

I'm in a cycle

Swear this is different

Don't wanna end it, if you leave then I keep spinnin'

I'm in a cycle

Don't make me hate you

Just 'cause I talk about the things I've done before you

I'm in a cycle
Swear this is different
Don't wanna end it, if you leave then I keep spinnin'[Bridge]Why don't you catch me when I
sway?
'Cause when my heart falls out of place
I know (oh, oh, oh)[Chorus]
I'm in a cycle
Yeah, I admit it
How can I change it when I don't know when I'm in it?
I'm in a cycle
Swear this is different
Don't wanna end it, if you leave then I keep spinnin'
I'm in a cycle
Don't make me hate you
Just 'cause I talk about the things I've done before you
I'm in a cycle
Swear this is different
Don't wanna end it, if you leave then I keep spinnin'
