

Worry (feat. Adelen)

Mileo

I don't wanna be crazy
but sane sounds boring
i'm always trying something new
oh oh
and that may scare you
it may confuse you
but i don't need to
explain it to you all i'll just cut you off cold
without being told
that my mind never agreed to my heart being sold but
now that i found another one
you'll end up like the other one
i swear i'll stay in touch
but i won't and i won't and i won't and i
and i know and i know and i know that you know
but
I ain't ever worry though
don't ever worry though
i ain't ever worry though
don't ever worry though
i ain't ever worry though
don't ever worry though
i ain't ever worry though
don't ever worry though You may be perfect
you may be right but i
won't have time to
keep you on my mind
cause i don't stay in
one place too long
your a crush i
hope that you don't mind
I'll just cut you off cold
without being told
that my mind never agreed to my heart being sold but
now that i found another one
you'll end up like the other one
i swear i'll stay in touch
but i won't and i won't and i won't and i
and i know and i know and i know that you know
but I ain't ever worry though
don't ever worry though
i ain't ever worry though

don't ever worry though
i ain't ever worry though
don't ever worry though
i ain't ever worry though
don't ever worry though I'm far too curious
i live like i should
and when i'm nervous
i always feel alive i ain't ever worry though
don't ever worry though
i ain't ever worry though
don't ever worry though
i ain't ever worry though
don't ever worry though
i ain't ever worry though
don't ever worry though
i ain't ever worry though
don't ever worry though
i ain't ever worry though
don't ever worry though
don't ever worry though
