

# Can You Feel It

## DNCE

Aye, yeah, yeah, yeah... You've been down, you've been sad  
Always run away when you're mad  
So, I'll pretend you're chasing your dreams  
You've been cold, you've been ice  
I know deep inside that you're so nice  
So go crazy and stop following me When you call, I'm always there for you  
You can fall for anything in my arms  
I'll take your hand, show you fantastically How we go high, high, high, high, higher  
Can you feel it?  
Can you feel it?  
Feel it moving through you  
Can you feel it?  
Can you feel it? (that's right)  
Feel it moving through you On the floor  
Do you want some more?  
Just sound the horn  
Feel it, feel it You've been wrong but you're fine  
Now I'm walkin' into sunshine  
It's time for us to get wild and free  
(Time for us to get wild and free)  
And I won't let go  
'Till you show me what you came for  
I'll give right back what you give me  
When you call, I'm always there for you  
You can fall for anything in my arms  
I'll take your hand, show you fantastically  
How we go high, high, high, high, higher Can you feel it?  
Can you feel it?  
Feel it moving through you  
Can you feel it?  
Can you feel it?  
Feel it moving through you On the floor  
Do you want some more?  
Just sound the horn  
Feel it, feel it I know it's hard to picture  
But I needed you to see  
Everything is better  
When you come along with me You can feel it  
You can feel it  
Feel it moving through you  
Can you feel it?  
Can you feel it?

Feel it moving through you  
You can feel it  
You can feel it  
Feel it moving through you  
Can you feel it?  
Can you feel it?  
Feel it moving through you  
You can feel it
