

# Rewind

Paolo Nutini

Picking up the pieces  
Of the wreck you went and left  
And I'm dealing with dilemmas  
In my now so stressful life  
I'm drinking stronger spirits  
Made my home here on the floor  
And I'm losing all ambition and goals I'm going all out,  
I'm thinking you're just as bad I'm not sleeping at night  
But I'm going from bar to bar  
Why can't I just rewind  
Why can't we just rewind  
Why can't we just rewind  
Remember at 16  
The crazy drunken night we had  
When I kissed you in the hallway  
Then I took you straight to bed  
Two years on  
I'm still the same boy, and I'm not sleeping at night  
but I'm going from bar to bar  
Why can't I just rewind  
Why can't we just rewind  
Why can't we just rewind I'm not sleeping at night  
But I'm going from bar to bar  
Why can't I just rewind  
Why can't we just rewind  
Why can't we just rewind  
You might blame it on me  
But you insisted that we fall  
Wiped your hands of me and said you needed more, more, more! I'm not sleeping at night  
But I'm going from bar to bar  
Why can't I just rewind  
Why can't we just rewind  
Why can't we just rewind I'm not sleeping at night  
But I'm going from bar to bar  
Why can't I just rewind  
Why can't we just rewind  
Why can't we just rewind Oh Why can't we just rewind
