Earthquake

BOOTS

I can remember days, things weren't always this way
I used to make you smile if only for a while
But now you can't get through, there's no way I can lose
I know some days are hard but don't you make mine too'Cause I can't stand it when you come home and we just fight for hours

But I won't show it, no I'll just hold my breath and keep it quietEvery little earthquake, every little heartbreak going unheard

Every little landslide, catch it in my hand I won't say a word
Every time you hug me I know that it's working, making you mine
Every clap of thunder only makes me stronger on the insideHow many countless nights I try
my best to hide

Soon as you slam the door my tears fall to the floor I know that people change, maybe you're not to blame But must you burn a hole so deep into my soul

'Cause I can't stand it when you come home and we just fight for hours

But I won't show it, no I'll just hold my breath and keep it quietEvery little earthquake, every little heartbreak going unheard

Every little landslide, catch it in my hand I won't say a word
Every time you hug me I know that it's working, making you mine
Every clap of thunder only makes me stronger on the insideEvery little earthquake, every little
heartbreak

Every little landslide, catch it in my hand Every little earthquake, every little heartbreak Every little landslide, catch it in my hand Every little earthquake, every little heartbreak

Every little landslide, catch it in my handEvery little earthquake, every little heartbreak going unheard

Every little landslide, catch it in my hand I won't say a word
Every time you hug me I know that it's working, making you mine
Every clap of thunder only makes me stronger on the inside
Every little earthquake, every little heartbreak
Every little landslide, catch it in my hand
Every little earthquake, every little heartbreak
Every little landslide, catch it in my hand
