

# Gold Rush

Ed Sheeran

Smoke alarm went off at 9  
I woke up, wiped the sleep out of my eye  
She left a note: "I'll be back in 5"  
Well, I'm still waiting for that moment to arrive, hey I was told to put my job in front of you  
But it won't hold me like you do  
But I do it for the love, waiting on the gold rush  
Keep it on the edge, smoking on a roll-up  
When I see my friends, all they say is "hold up"  
And remember the time  
When we were in school listening to grown-ups  
Didn't learn a thing, but then again you know what? You know how to sing  
But you don't know anything other than that  
So maybe you should learn to love her  
Like, like the way  
And maybe you should learn to love her  
Like, like the way  
And maybe you should learn to love her  
Like, like the way  
And maybe you should learn to love her  
Like, like the way  
And maybe you should learn to love her  
Like, like the way you want to be loved  
"I never told her that I liked  
The way she dances slightly out of time  
And pretends she knows the words  
To a song she's never heard  
But I tell her all the time, hey I was told to put my job in front of you  
But it won't hold me like you do  
But I do it for the love, waiting on the gold rush  
Keep it on the edge, smoking on a roll-up  
When I see my friends, all they say is "hold up"  
And remember the time  
When we were in school listening to grown/ups  
Didn't learn a thing, but then again you know what?  
You know how to sing  
But you don't know anything other than that  
So maybe you should learn to love her  
Like, like the way  
And maybe you should learn to love her  
Like, like the way  
And maybe you should learn to love her  
Like, like the way you want to be loved  
"Hey I do it for the love, waiting on the gold rush  
Keep it on the edge, smoking on a roll-up  
When I see my friends, all they say is "hold up"  
And remember the time  
When we were in school listening to grown ups  
Didn't learn a thing, but then again you know what?  
You know how to sing  
But you don't know anything other than that  
So maybe you should learn to love her  
Like, like the way  
And maybe you should learn to love her

Like, like the way  
And maybe you should learn to love her  
Like, like the way  
And maybe you should learn to love her  
Like, like the way you want to be loved"
