

Genius

Krizz Kaliko

One nine seventy-four was the year mommy and daddy had created a monster

The funny looking kid from the suburbs

And refurbished genius cause nobody wants ta

Cook up a musical recipe left it to me

So I'ma have to give it what I got left of me

'Cause if I left it up to (ya-'all)

Most of ya'll would probably drop the (ba-all)

I be raping these records lately, and ya'll ain't trying

You say celibate, but I ain't buying

No we can't baby baby

That crazy world maybe maybe

And don't be caring they hate me

And if you staring it maybe-be-be

Blinding, cause I'm a supernova, I'm shining

The tippy-top is where I'm residing

So if I gotta Rescue Ranger it, picture painter it

Whoops! I left my stain in it (I AM!)

Genius! Oh oh oh oh oh oh oh oh oh

Genius! Oh oh oh oh oh oh oh oh oh (I am!)

Genius! Oh oh oh oh oh oh oh oh oh

(Don't you know my nigga)

Genius! Oh oh oh oh oh oh oh oh oh

(Don't you know my nigga)Take this session, as a blessing

His confession, keep 'em guessing

He's the best in, his profession

He's professin', learn the lesson

IF e equals mc (squared)

I'm an MC (squared)

No comparison (stare)

I'ma therapist

Dare you to listen

Now pay attention

How can I mention, your music paralysis

Beckon 'em, (Come here!)

Lyrically I'm checkin' 'em

Tellin' 'em (Get over here!)

Way too far too left on 'em

The best since my conception

Put ya antennas in my direction!

Give me an inch and a lead and it's over

I've been a sidekick, now i'm taking over

Never believed that a team, me could lead 'em

Now they salute when they see 'em (I AM!)Genius! Oh oh oh oh oh oh oh oh oh
Genius! Oh oh oh oh oh oh oh oh oh oh (I am!)
Genius! Oh oh oh oh oh oh oh oh oh oh
(Don't you know my nigga)
Genius! Oh oh oh oh oh oh oh oh oh oh
(Don't you know my nigga)I've been different all my life for a reason
Waiting to attack in my season
And I'ma be here, never leavin'
This is the reason I'm breathingTake this session, as a blessing
His confession, keep 'em guessing
He's the best in, his profession
He's professin', learn the lessonGenius! Oh oh oh oh oh oh oh oh oh oh
Genius! Oh oh oh oh oh oh oh oh oh oh (I am!)
Genius! Oh oh oh oh oh oh oh oh oh oh
(Don't you know my nigga)
Genius! Oh oh oh oh oh oh oh oh oh oh
(Don't you know my nigga)
