

# By Your Side

Jacob Sartorius

give me a hit  
give me a hit  
i'll take the lead  
wherever i go  
wherever i go  
you're coming with me  
just get away  
just get away  
tell me you'll follow  
Lets livin it up  
livin it up  
like there's no tommorow  
we ride together  
like waves in the ocean  
hold you down through whatever  
to wherever we going  
every day, every night  
i'll be the sun and the stars in your sky  
no matter what happens  
i will be by your side  
i will be by your side  
i will be by your side i will be by your side  
i got your back  
i got your back  
ain't kind of fun?  
when you pick your two  
you pick your two  
i'll be the one  
i'm on your left  
i'm on your right  
i'm all around you  
we got the key we got the key  
you know we can't lose we ride together  
like waves in the ocean  
hold you down through whatever  
to wherever we going  
every day, every night  
i'll be the sun and the stars in your sky  
no matter what happens  
i will be by your side i will be by your side  
i will be by your side  
i will be by your side wherever you go

i will be by your side  
i will be by your side  
i will be by your side  
i will be by your side
