

Give It Up (feat. Tory Lanez & DJ Yonny)

Breakfast N Vegas, Bad Bunny & Messiah

Dimelo Top down in the window with the AC set, all by ourselves now
And you know what I want and I want that shit right now
And the shit that I do in the street I do for you
But I know you know I give it up, give it up, give it up, give it up for you
Give it up, give it up, give it up, give it up for you
Give it up, give it up, give it up, give it up for you
Give it up, give it up, give it up, give it up for you
All this for you
All this for you, todo esto para ti
Pide lo que quiera baby, solo tú me pone así
Dale mami entonces pide lo que quieras
¿Quieres zapato o tú quiere una cartera?
En mi lista tú eres la primera
¿Quieres mi banco?, yo te doy la cuenta entera
To' lo que tú quieras, tú te lo mereces
Tú eres la más dura, la que me enloquece
Baby girl yo soy tu loquito
De todito' el favorito
De tu sexo un adicto
Yo quiero cuidarte un chamaquito
Boricua, morena, Americana
Me hacen coro adonde sea
Dominicana, Colombiana
I wanna give it to you to' los día de la semana
I give it up, give it up, give it up, give it up for you
Give it up, give it up, give it up, give it up for you
Give it up, give it up, give it up, give it up for you
Give it up, give it up, give it up, give it up for you Como no sabía que cartera comprarte, te las
compré to'a
Baby tú sabes que por ti me voy a to'a
Por ti le picheo a to'a
Me ves llegar de Versace y te mojas to'a, yeh
Dime como corre la BM en la carretera
Chequea si la colta cabe en tu Carolina Herrera
Si quieres en tu closet monto una boutique de zapato y cartera
Y chingando bebé hago to' lo que tú quieras
Tú eres exclusiva, como ella ya no vienen
Las otras no suenan igual cuando se vienen
Con tu totito me comprometí
La llevé pa' Francia como se lo prometí
Con vista a la torre Eiffel se lo metí I give it up, give it up, give it up, give it up for you
Give it up, give it up, give it up, give it up for you

Give it up, give it up, give it up, give it up for you
Give it up, give it up, give it up, give it up for you
All this for you Yeh, yeh, yeh, yeh, yeh, yeh
Bad Bunny baby, baby
