

# Love Slow

Jacob Whitesides

Tell your mother that you're old enough  
You have learned how to lie  
When the truth ain't enough  
But I can see right through you  
Right through your bones  
To your beating heart  
Where your fears are home If you wanna go, go fast  
If you're gonna lie to me, just say that  
If you wanna leave, then say so  
But if you wanna love, love slow  
Take the clocks off the walls  
Turn em three hours back  
'Cause if love is a race, i wanna come in last  
You can run 'till the end of time  
But that's romantic suicide  
We're just two kids getting by  
Are you gonna be by my side? If you wanna go, go fast  
If you're gonna lie to me, just say that  
If you wanna leave, then say so  
But if you wanna love, love slow  
Love slow Oh oh let's breathe a little  
Oh oh be us in the middle  
Oh oh I'm not leaving clues to a riddle  
I just want you  
If you wanna go, go fast  
And if you're gonna lie to me, just say that  
If you wanna leave, then say so  
But if you wanna love, love slow
