

# Medicine

## Daughter

Pick it up, pick it all up  
And start again  
You've got a second chance  
You could go home  
Escape it all  
It's just irrelevant  
It's just medicine  
It's just medicine  
You could still be  
What you want to  
What you said you were  
When I met you  
You've got a warm heart  
You've got a beautiful brain  
But it's disintegrating  
From all the medicine  
From all the medicine  
From all the medicine  
Medicine  
You could still be  
What you want to be  
What you said you were  
When you met me  
You could still be  
What you want to  
What you said you were  
When I met you  
When you met me  
When I met you  
(Medicine, medicine, medicine, medicine)
