

# Wake Up

Mac Miller

Go and ride with me  
Get high with me  
You lookin' fly with me  
Go ride with me  
Just vibe with me  
Get high with me  
In the sky with me  
Go ride with me  
Get high with me  
Go ride with me  
They tell me I'm the shit I'm like, duh?!  
Girls on my dick I'm like, duh!?  
Gettin' stupid in this bitch so wassup!  
Wake the whole damn wolrd homie, I don't give a fuck  
Young rich and famous thanks for asking how are you  
Party every night that's exactly what I do  
Gettin' stupid in this bitch so wassup!  
Wake the whole damn world homie, I don't give a fuck  
Wake up, up-up-up-up  
Wake up, up-up-up-up  
Wake up, up-up-up-up  
Wake up, up-up-up-up  
Wake up, up-up-up-up  
Wake up, up-up-up-up  
Wake up, up-up-up-up  
Wake up, up-up-up-up  
Hey, they say it's so funny your nobody with mo' money, and the hoes love me  
And these other kids don't touch me  
Full contact rap no rugby  
Pretty boy flow while your girl so ugly  
My bitches don't want anybody but me  
They puff trees, sip liquor and suck dick  
Got a lot of people worried about the things I say  
And a lot of different haters they bring my way  
I let me grill though they can watch the money pile  
While these groupie hoes try to hunt me down  
Now everyday feelin like the best day ever  
Heard it's a long road but it get way better  
A lil' money in my pocket but my eyes on a million  
Got these doubters listenin' surprised when they feel him  
Ballin' like Jordan you ballin' like wilson  
Feelin' like a kid again chillin' watchin' gilligan  
I don't think they want to, interrupt my party  
Please don't interrupt my party

We just tryna find somebody for the night I don't think they want to, interrupt my party  
 Please don't interrupt my party  
 We just tryna find somebody for the night They tell me I'm the shit I'm like, duh?!  
 Girls on my dick I'm like, duh!?  
 Gettin' stupid in this bitch so wassup!  
 Wake the whole damn world homie, I don't give a fuck  
 Young rich and famous thanks for asking how are you  
 Party every night that's exactly what I do Gettin' stupid in this bitch so wassup  
 Wake the whole damn world homie, I don't give a fuck  
 Wake up, up-up-up-up  
 Wake up, up-up-up-up  
 Wake up, up-up-up-up  
 Wake up, up-up-up-up  
 Wake up, up-up-up-up  
 Wake up, up-up-up-up  
 Wake up, up-up-up-up  
 Wake up, up-up-up-up Hey, hear the alarm time to start the day, rub my eyes, light some weed  
 Send my mind on it's way, I'm gone  
 Somewhere in my own dimension  
 I show these hoes no affection,  
 Just party every night gettin so demented  
 At that time I'm lookin' in the mirror seeing to reflection  
 Got me wondering why don't they get it  
 Spend the night with me, I'm sure you won't regret it  
 Got some liquor on the way  
 The weed is twistin' you should stay  
 You still listen when they say the kid is spittin'  
 Gettin paid but my differences in age got me shittin' with a rage  
 'Cause it was written on a page straight sicker than some AIDS  
 I came to get fucked up  
 I came to act well  
 You came to prepare for the future  
 I live for right now I don't think they want to, interrupt my party  
 Please don't interrupt my party  
 We just tryna find somebody for the night I don't think they want to, interrupt my party  
 Please don't interrupt my party  
 We just tryna find somebody for the night They tell me I'm the shit I'm like, duh?!  
 Girls on my dick I'm like, duh!?  
 Gettin' stupid in this bitch so wassup  
 Wake the whole damn wolrd homie, I don't give a fuck  
 Young rich and famous thanks for asking how are you  
 Party every night that's exactly what I do Gettin' stupid in this bitch so wassup  
 Wake the whole damn world homie, I don't give a fuck  
 Wake up, up-up-up-up  
 Wake up, up-up-up-up  
 Wake up, up-up-up-up  
 Wake up, up-up-up-up  
 Wake up, up-up-up-up  
 Wake up, up-up-up-up

Wake up, up-up-up-up  
Wake up, up-up-up-up  
Wake up!
