

# Strings

## Shawn Mendes

All the strings attached girl  
All the strings attached girl, yeah Met this girl when I was three or so  
We were holding hands or so I'm told  
And it felt like an eternity  
Said it felt like an eternity  
'Cause I knew back then we were more than friends  
Two sides of the stories in our defense  
And I've said it once, I'll say it again  
And it'll only end up hurting me Years flew by I was less than twelve  
Long division I need your help  
Can you come over and work with me  
Anytime you like and it'll work with me  
'Cause I knew back then if I get you close  
When the time is right maybe I'll propose  
Baby climb up, go on show me the ropes  
Darling I want all the strings attached  
I love it when you look at me like that  
And you're the only girl that brings me back  
'Cause baby I want all the strings attached  
It's like always and forever  
I won't let the moment pass  
And when I'm with you I feel better  
I want all the strings, all the strings attached All the strings attached girl  
All the strings attached girl, hmm So come on girl let me hold your hand  
Let's go get lost, without a plan  
You know you've got the world to see  
You know you mean the world to me  
And I know right now you have second thoughts  
Do whatever it takes, pay whatever the cost  
you know me, not the type of guy  
To sneak around, to do the time  
But you must have me hypnotized  
I'd d- d- down to be by your side  
Every night Darling I want all the strings attached  
I love it when you look at me like that  
And you're the only girl that brings me back  
'Cause baby I want all the strings attached  
It's like always and forever  
I won't let the moment pass  
And when I'm with you I feel better  
I want all the strings and baby when you fall down, I fall too  
And if you get lost, then I get lost with you

And when the waves crash down  
then baby I won't move  
'Cause I need All the strings attached  
I love it when you look at me like that  
And you're the only girl that brings me back  
'Cause baby I want all the strings attached  
It's like always and forever  
I won't let the moment pass  
And when I'm with you I feel better  
I want all the strings, all the strings attached  
want all the strings, all the strings attached  
All the strings attached girl  
All the strings attached girl, yeah
