Don't Stop

5 Seconds of Summer

You're like perfection, some kind of holiday You got me thinking that we could run away You want I'll take you there, You tell me when and where, Oh oh ohBut then I asked for your number, Said you don't have a phone It's getting late now, I gotta let you know That everybody wants to take you home tonight But I'm gonna find a way to make you mineDon't stop doin' what you're doin' Every time you move to the beat It gets harder for me And you know it, know it, know it Don't stop 'cause you know that I like it Every time you walk in the room You got all eyes on you And you know it, know it, know itYou're coming close now, swear I can taste it, You got me tongue tied, I can't escape it I'm loving what you got, But then you push me off, Oh oh oh And everybody wants to take you home tonight But I'm gonna find a way to make you mine Don't stop doin' what you're doin' Every time you move to the beat It gets harder for me And you know it, know it, know it Don't stop 'cause you know that I like it Every time you walk in the room You got all eyes on you And you know it, know it know it Every day it's the same, love and games that you play Back and forth, round and round, kinda like it this wayDon't stop doin' what you're doin' 'Cause every time you move to the beat It gets harder for me And you know it, know it, know it Don't stop 'cause you know that I like it Every time you walk in the room You got all eyes on you And you know it, know it, know it, know itDon't stop (don't stop, stop what you're doing) doin' what you're doin' ('Cause you know that, you know that I like it) Every time you move to the beat It gets harder for me

And you know it, know it, know it Don't stop, 'cause you know that I like it (you know that I like it) Every time you walk in the room You got all eyes on you(all eyes on you) And you know it, know it, know it Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
