

# Too Late

Gui Boratto

Everybody thinks that I maybe just don't care  
Who is to blame  
Does anybody know if I'm faking?  
All I know is that is too lateEverybody thinks that I'm crazy  
But no one remembers my name  
Does anybody know if I'm faking?  
Just don't care, I know is too late  
I know is too late  
I know is too late
