

# Love On the Run (feat. Peter Cunnah)

## Chicane

Like love on the run there will be tomorrows  
The stars and the sun every beam I'll follow  
Together we're dancing all night long  
Together we're dancing on and on The sound of the drum keeps my soul depending  
Each day and each night and it's never ending  
Together we're dancing all night long  
Together we're dancing on and on Like love on the run there will be tomorrows  
The stars and the sun every beam I'll follow  
Together we're dancing all night long  
Together we're dancing on and on The sound of the drum keeps my soul depending  
Each day and each night and its never ending  
Together we're dancing all night long  
Together we're dancing on and on and on  
The sun  
'Cause I believe now and then  
If you could look into the sun again  
Cause I believe now and then On the run  
On the run  
On the run On the run  
On the run  
On the run Like love on the run there will be tomorrows  
The stars and the sun every beam I'll follow  
Together we're dancing all night long  
Together we're dancing on and on The sound of the drum keeps my soul depending  
Each day and each night and its never ending  
Together we're dancing all night long  
Together we're dancing on and on  
Like love on the run there will be tomorrows  
The stars and the sun every beam I'll follow  
Together we're dancing all night long  
Together we're dancing on and on and on
