

# Big Love

Kirko Bangz

You can say I'm tripping but I'm stingy and I can't hide it  
Want to keep you all to me I'm selfish why try to fight it I been wanting you since we was  
younger yeah

And my mom used to hang with your mama  
You used to run around with nappy haired Tanya (and y'all was so got damn close)  
I used to try to get with you every summer (and you always tell a young nigga no)

We had to be in before the street lights  
You kept the window up and I would sneak and ride  
I would hold you close when we sleep at night  
And we was so young but we was freaking right  
Come to think about it

And we ain't even know what we was doing  
And been down so long I can't even try to find me a new one  
And this that Sanaa Lathan

This that Omar Epps  
And this that all I need is your love and no one else  
And this that me and you against the world  
Feel like I grew up with you girl  
What a nigga gon do without you  
I'm through without you

I'm glued to you girl  
This that love & basketball shit  
That love and basketball shit  
That love and basketball shit  
That love and basketball shit  
Say this that love & basketball shit  
That love and basketball shit  
That love and basketball shit  
That love and basketball shit

We used to be on the block, we would fake all them interviews  
You ask me what's the first thing I buy when I get the loot  
And then you changed schools so I changed schools too  
We used to wear the same shit always had the same shoes yeah  
We used to hold hands down the hallway

#1 top 8 on the Myspace  
And way before Kim K and Kanye  
Me and you we was ripping down the runway  
And na na na na

Can you bless me with a lil North baby  
Or a lil Quincy McCall  
And this that Sanaa Lathan  
This that Omar Epps

And this that all I need is your love and no one else

And this that me and you against the world  
Feel like I grew up with you girl  
What a nigga gon do without you  
I'm through without you  
I'm glued to you girl  
This that love & basketball shit  
That love and basketball shit  
That love and basketball shit  
That love and basketball shit  
Say this that love & basketball shit  
That love and basketball shit  
That love and basketball shit  
That love and basketball shit
