

# Dreams

## Ashanti

Dreams are real,  
all you have to do is just believe  
Dreams are real,  
all you have to do is just believe  
There is nothing that should ever  
take your heart away from what it is you wanna do  
You should always go with what you love, don't follow no one else  
just do what's good for you  
Tell them:  
Dreams are real,  
all you have to do is just believe  
Dreams are real,  
all you have to do is just believe  
x2  
Sometimes people try to bring you down,  
they wanna see you frown just keep your faith in you  
Doesn't matter if they try to tell you that you'll never make it  
this is what you do  
Tell 'em dreams are real,  
all you have to do is just believe  
Dreams are real,  
all you have to do is just believe  
Tell 'em dreams are real,  
all you have to do is just believe  
Dreams are real,  
all you have to do is just believe  
Dreams are real,  
all you have to do is just believe  
Dreams are real,  
all you have to do is just believe  
Dreams are real,  
all you have to do is just believe  
Dreams are real,  
all you have to do is just believe  
Dreams are real,  
all you have to do is just believe
