

# Gutter (Blank & Jones Club Mix)

## Medina

I used to be a beggar  
A beggar for your love  
Then you used and abandon me  
This time I had enough Remember when you showed up at my place  
The way you just pushed me to the floor  
Remember when you spat in my face  
And later came knocking on my door You left me in the gutter, gutter, gutter  
You left me in the gutter, gutter,  
You left me in the gutter, gutter, gutter  
Left me in the gutter You've become a beggar  
But I'm not gonna let you in  
Won't make you even think I will  
Consider this again  
Remember how you told me you hate  
The way that I am, the way I speak  
Remember that I'm the one you're afraid  
For everything that makes you weak You left me in the gutter, gutter, gutter You left me in the  
gutter, gutter,  
You left me in the gutter, gutter,  
You left me in the gutter, gutter, gutter If you are falling  
I'm not gon' catch you  
When you come crying  
I'm not gon' dry your tears  
If you were dying  
I wouldn't safe you'll leave you in the gutter, gutter, gutter  
I'll leave you in the gutter, gutter  
I'll leave you in the gutter, gutter, gutter  
I'll leave you in the gutter, gutter, gutter  
I will leave you in the gutter  
I will leave you in the gutter  
Like you left me  
I will leave you in the gutter  
I will leave you in the gutter  
Like you left me
