Take a Look Around

Limp Bizkit

All the tension in the world today All the little girls fillin' up the world today When the good comes to bad, the bad comes to good But I'mma live my life like I should (Like I should) Now all the critics wanna hit it, ya shit can how we did it Just because they don't get it But I'll stay fitted, new era committed Now this red cap gets a rap from these critics Do we always gotta cry Do we always gotta live inside a lie Life's just a blast that's movin' really fast You better stay on top or life will kick you in the ass Follow me into a solo Remember that kid, so what you wanna do And where you gonna run when you starin' down the cable of a mic Pointed at your grill like a gun Limp Bizkit is rockin' the set, it's like Russian Roulette When you're placin' your bet So don't be upset when you're broke and you're done Cause I'mma be the one till I jetI know why you wanna hate me I know why you wanna hate me I know why you wanna hate me Cause hate is all the world has even seen lately I know why you wanna hate me (Wanna hate me) I know why you wanna hate me (Wanna hate me) Now I know why you wanna hate me Cause hate is all the world has even seen lately And now you wanna hate me Cause hate is all the world has even seen lately Does anybody really know the secret Or the combination for this life and where they keep it It's kinda sad when you don't know the meanin' But everything happens for a reason I don't even know what I should say Cause I'm an idiot, a loser, microphone abuser I analyze every second I exist Beatin' up my mind every second with my fists And everybody wanna run Everybody wanna hide from the gun You can take that ride through this life if you want But you can't take the edge off the knife, no sir And now you want your money back

But you're denied cause your brains fried from the sack

And there ain't nothin' I can do

Cause life is a lesson, you learn it when you're throughI know why you wanna hate me

I know why you wanna hate me

I know why you wanna hate me

Cause hate is all the world has even seen lately

I know why you wanna hate me (Wanna hate me)

I know why you wanna hate me (Wanna hate me)

Now I know why you wanna hate me

Cause hate is all the world has even seen lately

And now you wanna hate me

Cause hate is all the world has even seen latelyNow I know whyNow I know why you wanna hate me

Cause hate is all the world has even seen lately
And now you wanna hate me
Cause hate is all the world has even seen lately
