## Caribou

Every time I leave you girl  
He's the one that's near you girl oh I  
even as I drive away  
I can hear the words he'll say oh I  
I guess I don't need her  
it doesn't mean I can't get over her  
Where you gonna go without me tonight  
Don't you know what that means to me You were in my dream again  
And I could see you kissing him oh girl  
Why'd you have to change my mind  
Just as I was changing mine oh girl  
I wish I'd never met you  
It doesn't mean I can't get over you  
What you gonna do without me tonight  
Girl you know what you do to me
