

Tomorrow

Brandy

Confused, not anymore
I mean at one point I thought I was wrong
But you see he lied, he cheated,
he betrayed me, then he left
But I won't hurt anymore
Cause now all my pain is gone
So long. So long to all my pain
Goodnight to my heartache
Goodbye sorrow
I won't cry no more
I'm leaving ...(i'm leaving)
If you would only treat me right
I'd stay here by your side
But I am down to my last cry
So I'm leaving you goodbye
You turned away from opportunities
To sit and talk things through
But now when I'm saying I'm leaving you
You have so much to prove So long to all my pain
Goodnight to my heartache
Goodbye sorrow
I won't cry no more
I'm leaving tomorrow
Stop writing me sweet letters and
Calling me on the phone
We argued constantly when I saw you
Always left me in the cold
I made the choice to finally go
Cause I can't stand this pain
It's time for my last tear to fall
And me to smile again So long to all my pain
Goodnight to my heartache
Goodbye sorrow
I won't cry no more
I'm leaving tomorrow Sorrows and heartache goodbye
I'm leaving you
Don't wanna meet again
Has got to be the end
The end The sun will finally shine on me
And clouds will drift away
There's something that's in store for me
That's my brighter day So long to all my pain

Goodnight to my heartache
Goodbye sorrow
I wont cry no more
I'm leaving tomorrow So long to all my pain
Goodnight to my heartache
Goodbye sorrow Now I just cant wait
Tomorrow's too late
I'm leaving you today
