

# May I Have a Talk With You

## Stevie Ray Vaughan & Double Trouble

Well now, now darlin, may a have a little talk with you  
Well now, now, now, now darlin, may a have a little talk with you  
Because it won't be long before our true love will be through Well now now now darlin am I  
right or am I wrong  
Yeah now now now darlin am I right or am I wrong  
Because it won't be long before our true love will be through You know I like my coffee sweet  
in the morning  
And I'm crazy about my tea at night  
Yeah, I like my coffee sweet in the morning  
And I'm crazy about my tea at night  
You know you'd come out a little better now baby  
All I want you to do is treat me right
