

Can't Help Falling in Love

[Chris Isaak](#)

Wise men say only fools rush in
But I can't help falling in love with you
 Shall I stay
 Would it be a sin
If I can't help falling in love with you Like a river flows surely to the sea
 Darling so it goes
 Some things are meant to be
 Take my hand, take my whole life too
For I can't help falling in love with you
 Like a river flows surely to the sea
 Darling so it goes
 Some things are meant to be
 Take my hand, take my whole life too
For I can't help falling in love with you
For I can't help falling in love with you
