Everything Has Changed (Remix) [feat. Ed Sheeran]

Taylor Swift

All I knew this morning when I woke

Is I know something now, know something now

I didn't beforeAnd all I've seen since eighteen hours ago

Is green eyes and freckles

And your smile in the back of my mind making me feel right just want to know you better Know you better, know you better now

I just want to know you better

Know you better, know you better nowI just want to know you better

Know you better, know you better now

I just want to know you

Know you, know youCause all I know is we said hello

And your eyes look like coming home

All I know is a simple name

Is everything has changed

All I know is you held the doorYou'll be mine and I'll be yours

All I know since yesterday

Is everything has changed

And all my wallsStood tall painted blue

But I'll take them down

Take them down and open up the door for you.

And all I feel in my stomach is butterfliesThe beautiful kind, making up for lost time

Taking flight, making me feel right

I just want to know you better

Know you better, know you better now

I just want to know you better

Know you better, know you better now

I just want to know you betterKnow you better, know you better now

I just want to know you

Know you, know you

'Cause all I know is we said helloAnd your eyes look like coming home

All I know is a simple name

Is everything has changed

All I know is you held the doorYou'll be mine and I'll be yours

All I know since yesterday

Is everything has changed

Come back and tell me whyI'm feeling like I've missed you all this time

And meet me there tonight

And let me know that it's not all in my mind

I just want to know you betterKnow you better, know you better now

I just want to know you

Know you, know you
All I know is we said helloYour eyes look like coming home

All I know is a simple name

Is everything has changed

All I know is you held the door

You'll be mine and I'll be yours

All I know since yesterday

Is everything has changed.

All I know is we said hello

So dust off your highest hopes

All I know is pouring rain

And everything has changed

All I know is a newfound brightness

All my days I'll know your face

All I know since yesterday

Is everything has changed
