

# I Found a Whistle

MGMT

Hey I found a whistle that hangs like a charm,  
and when my noose is tied I could blow it  
and fall down into your arms  
15 centuries of dissolution and grief,  
to return a yellow trickster and a thief  
Hey I found a whistle that works every time  
that's when the trail escapes to nowhere,  
and the flood erases the crime  
such conviction,  
to paint all the wall with the blood  
of the young and the faithful and the good  
Yeah I found a whistle as thin as a sheet  
to split the dumbness of a vision  
between asleep and a sleep  
tiny axes  
repeatedly raising the flag  
all ignored, real emotion's such a drag  
Hey I've got a pistol that's aimed at your heart  
and on dark nights when the moon is right  
I could show you  
the head attached with a scarf  
aerophane sorceress, at home obeying the fates  
when it's gone, has it gone all the way?  
This time  
Found a whistle  
that works every time  
Yeah, I found a whistle  
that works  
hangs like a charm 'round my neck  
Found a whistle  
that works every time  
Yeah, I found a whistle  
that works  
closes my mind every time  
a whistle,  
I've got it!  
I've got it!  
this time.
