Grease

Frankie Valli

I solve my problems and I see the light We gotta plug and think, we gotta feed it right There ain't no danger we can go to far We start believing now that we can be who we areGrease is the word They think our love is just a growing pain Why don't they understand, It's just a crying shame Their lips are lying only real is real We start to find right now we got to be what we feelGrease is the word

Grease is the word, is the word that you heard

It's got groove it's got meaning Grease is the time, is the place is the motion Grease is the way we are feeling We take the pressure and we throw away

Conventionality belongs to yesterday

There is a chance that we can make it so far We start believing now that we can be wo we are Grease is the word

Grease is the word, is the word that you heard

It's got groove it's got meaning Grease is the time, is the place is the motion Grease is the way we are feeling This is the life of illusion

Wrapped up in trouble laced with confusion What we doing here? We take the pressure and we throw away Conventionality belongs to yesterday

There is a chance that we can make it so far We start believing now that we can be who we are

Grease is the word

Grease is the word, is the word that you heard It's got groove it's got meaning

Grease is the time, is the place is the motion Grease is the way we are feelingGrease is the word, is the word that you heard

It's got groove it's got meaning

Grease is the time, is the place is the motion Grease is the way we are feelingGrease is the word
