

I Think of You

Ivy

I think of you,
whenever I'm alone
whenever I get lonely.I think of you,
wherever you may go,
I know that you are only one dream away.So don't give up,
Baby, don't give in.
If we try, we can begin again.
I know what we've been through,
but I still think of you.I think of you,
whenever I get down,
whenever I get dreary.
I think of you,
when you're not around.
I wonder if you hear me,
call out your name.So don't give up,
Baby, don't give in.
If we try, we can begin again.
I know what we've been through,
but I still think of you.I think of you,
whenever I'm alone,
whenever I get lonely.I think of you,
whenever I get down,
whenever I get weary.
I think of you,
whenever I'm alone,
whenever I get lonely.I think of you...
