

# Danger On the Track

## Europe

Danger, oh, whoa  
Wow! Yeah I was headin' for the mountains  
I had saved so much for you  
And in the town I left behind me  
There was nothin' left to do I knew that you were waitin'  
For me to save your life  
'Cause I told you when I left  
When I come back you'll be my wife Someone was waitin'  
In the shadows of the night  
Someone was waitin'  
It just didn't feel right  
Danger on the track  
(Oh oh)  
Somethin' told me there were  
Strangers on my back  
(Oh oh)  
Oh yeah Danger on the track  
(Oh oh)  
Somethin' told me there were  
Strangers on my back  
(Oh oh)  
And I was so right Maybe I should surrender  
And maybe I should give it up  
But the strength I had inside  
Told me you can never stop  
The men wanted to break me  
Steal and bring me down  
But I fought for you and later  
They were layin' on the ground Someone was waitin'  
In the shadows of the night  
Someone was waitin'  
It just didn't feel right Danger on the track  
(Oh oh)  
Somethin' told me there were  
Strangers on my back  
(Oh oh)  
Oh yeah Danger on the track  
(Oh oh)  
Somethin' told me there were  
Strangers on my back  
(Oh oh)  
And I was so right Danger

Yeah, look out Ah ah ah oh oh  
Wow! Someone was waitin'  
In the shadows of the night  
Someone was waitin'  
(Oh oh)  
It just didn't feel right  
(Oh oh oh oh) Danger on the track  
(Oh oh)  
Somethin' told me there were  
Strangers on my back  
(Oh oh)  
Oh yeah Danger on the track  
(Oh oh)  
Somethin' told me there were  
Strangers on my back  
(Oh oh)  
I was so right  
Yes, I was so right  
It was danger on the track
