

# Don't Let Me Down

## Big K.R.I.T.

[Intro:]

See, they wonder why we ride high  
Why we get high  
Shit, it's just to get by  
See, some days, sometimes, the world let's you down  
And you can't do nothing but fall  
This is for y'all[Hook:]  
Don't let me down  
Don't let me down  
Don't let me down  
Don't let me down (uh-uh-uh-uh-oh)  
Don't let me down

[Verse 1:]

See, we be going through some things  
Police hit the block and make it hard for us to hang  
My girl bitch 'cause all I do is swing and bang  
Ho'in up I swear my liver never be the same  
I [?] ease the pain  
World fucked up and I can't seem to leave the game  
So I continue bending corners, bitches switching lanes  
Ain't hopin' on the son, sometimes I'd rather feel the rain  
Get high to maintain, don't let me down[Hook]

[Verse 2:]

I would rather hit this hot beat  
Lost some friends, lost some money, but stay on my feet  
Did all I could in my city so I gotta bounce  
I signed my deal and got more haters than I care to count  
But I can't fault them for their feelings 'cause I know the score  
It's hard to celebrate for others when you're dying for  
So I keep rolling low-key, DOLO, trying not to stunt  
I crank my system 'til it's clipping then I let it thump  
Put all my problems in my car while I grip the wheel  
There's too much money to be had, I ain't set still  
A country boy trying to make these petty ends meet  
I learned my lesson, can't trust these niggas 'cause they envy  
Can't stop this show, I'm about this dough, and that's all I can say  
Thank God for everything, I coulda died like yesterday  
Make room for me in case my plane just ain't meant to fly  
I hope you feel if I fall from the sky, [?], don't let me die[Hook]
