

Old Soul

Spensha Baker

[Verse 1]

We've been around and around and around and around
Like a record
And baby, you know every line, every scratch, every note
Every bruise
There's not a song, not a sound in the world
We ain't made together
And it still moves me
The way that you move[Chorus]
This ain't about rock and roll
This ain't gasoline on fire
We're gonna burn down slow
Baby, just take your time
You gotta hold on me
You're all I need, I need to get by
I want that old soul
Give me that old soul tonight

[Verse 2]

Some things get better the longer they weather
And have been proven
Just like this bottle of red and those blue jeans you left
On the floor
I wanna memorise you if it takes me a lifetime
To do it
And keep waking up, deeper in love
Than I was before[Chorus]
This ain't about rock and roll
This ain't gasoline on fire
We're gonna burn down slow
Baby, just take your time
You gotta hold on me
You're all I need, I need to get by
I want that old soul
Give me that old soul tonight

[Bridge]

This ain't about rock and roll
Ain't gasoline on fire
Love is a long sweet road
So, baby, let's take our time[Chorus]
This ain't about rock and roll
This ain't gasoline on fire
We're gonna burn down slow

So, baby, let's take our time
You gotta hold on me
You're all I need, I need to get by
I want that old soul
Give me that old soul tonight[Outro]
Give me that old soul
This ain't about rock and roll
