

# From Now On

## The Features

Dreamed last night of a time and place  
Where from our troubles we had escaped

I held your hand and felt complete

As you turned and said to me

From now on

From now on... will be  
you and me...we will be

From now on

From now on... will be

You and me

you and me...we will be

Years went by and nothing changed  
The love we shared just stayed the same

As hair grew grey on top of our heads

Every night I quietly said

From now on

From now on... will be  
you and me...we will be

From now on

From now on... will be

You and me

you and me...we will be

Only your dreams...

Only your dreams...

Only your dreams...

From now on

Only your dreams...

From now on

Only your dreams...

From now on

Only your dreams...

From now on...

You and me

you and me...we will be
