Make It Without You

Andrew Belle

This is the starting of my greatest fear I'm all packed up, getting out of here But then you call and tell me not to go That I'm the one who put the rock oin roll In your lifeThis is the starting of a brand new day Never liked this town much anyway I need this city like I need the rain I know that somewhere there's a north bound trainOh I'll Make it without you Make it without you Though my body's laying here It's my mouth that must be lying now. This is the starting of my fall from grace My self esteem, oh it's seen better days But you know I'll never let this go to waste I'll keep this memory on the map I trace Back to home. Friends go out, but I've been staying in I know I should, but that's the way it's been I never cared much for the taste of gin Still don't now, oh, but it's been helping.Oh I'll Make it without you In my life Oh I'll make it without you Though my body's laying here It's my mouth that must be lying now It's my mouth that must be lying now

Oh I
Oh I'll make it without you
Oh I
Oh I'll make it without you
Oh I

Oh I'll make it without you!

Though my body's laying here
