Medieval Warfare

Baby I've been lookin' for a diamondI could never touch it and it shines like ice
Everything is written in the sky and
Baby you can have it if you say it nice
Come on, baby, let's do somethin' uglySomethin' you would never touch yourself
Now let it bleed from me
I just wanna see it come outAre you bad? Are you ugly?
Can you kill a man with your hands?
Are you hot? Do you want me?
Think I don't understand?
Baby I've been sleepin' with a rifle
Shotgun, grapeshot, tryptophobe
Baby I got somethin' you can stifleTie me, I won't leave
Come on, baby, let's do somethin' pretty
Somethin' you would never touch yourself
Just let it bleed from meI just wanna make you come outAre you bad? Are you ugly?
Can you kill a man with your hands?Are you hot? Do you want me?
Think I don't understand?
Are you bad? Are you ugly?
Can you kill a man with your hands?
Are you hot? Do you want me?
Think I don't understand?
Are you bad? Are you ugly?
Can you kill a man with your hands?
Are you hot? Do you want me?
Think I don't understand?
Are you bad? Are you ugly?
Can you kill a man with your hands?
Are you hot? Do you want me?
Think I don't understand?
