

# Bed

Lita Ford

Spread 'em, baby I'm a devil woman, burn in hell  
You want to lick my fire  
Lay you on my bed of nails  
I feel your desire  
I got Heaven in my Hell  
There's alot of pain  
Gimme your soul, do it now  
Sweet sulfur in enjoy your Hell Tie me to the bed  
Tie me to the bed  
Tie me to the bed  
Tie me to the bed  
Spank me cuz I like it My soul is haunted, dancing with the devil  
Dress I disappear  
I have been such a bad boy  
Hate is love love is hate  
Open your mind I pin the hate Tie me to the bed  
Make my eyes roll, look at my head  
Tie me to the bed  
The break of dawn is what I always dread Tie me to the bed  
Bow your head when you approach your Queen  
You give me pleasure with pain and always make me scream Burn, burn, bed, bed  
Tie me to the bed  
Terror and aint no threat  
Tie me to the bed  
I'd wait an of spells since the day that we met Bed, bed
