Wrap your arms around me

Come on, come on

Wrap your arms around me

Get it on, get it onWrap your arms around me

Come on, come on

Wrap your arms around me

Rock me all night longOh, don't waste a minute

Don't waste no time

Give right to it

Come on and be mineWrap your arms around me

Come on, come on

Wrap your arms around me

Get it on, get it on

Wrap your arms around me

Come on, come on

Wrap your arms around me

Rock me all night longOh, come on and take me

Make me feel good

Wrap your arms around me

You're what I wantWrap your arms around me

Come on, come on

Wrap your arms around me

Get it on, get it onWrap your arms around me

Come on, come on

Wrap your arms around me

Rock me all night long

Do it, do it now, do it, do it now

Do it, do it now, baby

Do it, do it now, do it, do it now
