

You Naked (Jimmy Edgar Remix)

[Jamie Lidell](#)

You naked (x4) Feel it in your veins
When I make you the sound
? 'bout you
Pretty little things you say and do
They make a man go mad(Pre-Chorus)
I let her take control
I let evil take control
I let her take control
In the evenings, things get physical
Stay today
Stay tonight
Stay 'til the body's fine through the cold, baby
Stay today
Stay tonight I just wanna get underneath it all(Chorus):
You're making me crazy
With the things that you do, you do, do, do to me tonight Feel a little sick
When I met you and I smelled your perfume
I know you was trouble Pretty little thing
You make a man give up on what he knew(Pre-Chorus)
(Chorus)(You Naked) I just wanna get underneath it all(Chorus)
