

Momentz (feat. De La Soul)

Gorillaz

Clocks on the wall
Talk to watches on the wrist
It's the moments we relive
It's the moments like this
When it's time to get ill
We be so ahead of time
It's the moments we achieve
Best believe it's the moments Red or black, yellow, red, black, white
Dirty
(Moments)
Red or black, yellow, red, black, white
Dirty
(Moments)
Shivers down my backbone
De La is also back again
With a crew that's bound to pack them in
Got a girl who's up for the mating
I sense the need in her grandma
Her nose has never been skating
But she's sippin' star constellation
The real squirt game was so like 2Pac at a court run towards camera
Her response to that was just "Check please"
Fuck that my man you can't let these (moments)
Pass you by like "tick tock"
I'm smackin' the bottom like flip flops
Made her alarm ring
(She screamed)
And now we done, we passed the test
And now lay down to rest
And wait for the morning hangover that comes
Clocks on the wall
Talk to watches on the wrist
It's the moments we relive
It's the moments like this
When it's time to get ill
We be so ahead of time
It's the moments we achieve
Best believe it's the moments Red or black, yellow, red, black, white
Dirty
(Moments)
Red or black, yellow, red, black, white
Dirty

(Moments)

Shivers down my backbone Plastic on the ceiling

Plastic on the ceiling

Plastic on the ceiling

Plastic on the ceiling

Plastic on the ceiling

Plastic on the ceiling

Plastic on the ceiling

Plastic on the ceiling

So now lay down to rest

And wait for the morning hangover that comes Clocks on the wall

Talk to watches on the wrist

It's the moments we relive

It's the moments like this

When it's time to get ill

We be so ahead of time

It's the moments we achieve

Best believe it's the moments

Moments

Moments

Moments I'm talkin' about the Kool Klown Klan

Kool Klown Klan

I'm talkin' about the Kool Klown Klan

I need to step out for a fresh of breath air after that
