

# Girls On Boys

## Galantis & ROZES

There were girls on boys  
There were girls on girls  
red heels on the tables  
In a champagne blurIt all gets kinda hazy  
When your hearts fucked up  
We were emptying bottles  
We were pushing our luckAnd it turned into the longest night  
Of our whole damn lives  
Had the wildest times, oooh  
It all started withgirls on boys,  
girls on girls  
red heels on the table,  
and I didn't care  
It all gets kinda hazy  
when your hearts fucked up  
I got high to forget you  
I got high real hardIt all started with a broken heartgirls on boysIt all started with a broken  
heartNo you wouldn't come home  
So I stayed out  
Hoping I wouldn't see you  
With someone in the crowdIt was all kinda empty  
So I filled it with rum  
It was stupidly crazy  
I was comfortably numb  
And it turned into the longest night  
Of our whole damn lives  
Had the wildest times, oooh  
It all started withgirls on boys,  
girls on girls  
red heels on the table,  
and I didn't careIt all gets kinda hazy
